October

# MOUNTAIN RETREAT

Three nights.  
Sixteen leaders.  
Two intimate cohorts of eight.  
One shared experience.

INTENTIONAL  
coaching + consulting

***An invitation for sixteen leaders in nonprofit, education, and philanthropy.***

Step away from the demands of leading and into the rare privilege of being led. A retreat for executives who carry the weight of mission-driven institutions and rarely get to set it down. Most leaders arrive needing clarity.

***Last year, every one of them left with it.***

### RETREAT DETAILS

**When:** Oct. 5-8, 2026

Arrival Monday evening, October 5

### THE EXPERIENCE

You and others traveling a similar path will move through three anchor conversations, building toward *The 2027 Strategic Leadership Blueprint*, a working plan to take back with you.

#### Mission Renewal

Returning to the why beneath the work and recognizing what it asks of you now.

#### Motivational Map

Understanding what drives you, what depletes you, and how to lead from your wiring rather than against it.

#### The Long Horizon

Leadership Strategy that holds for the year ahead and the horizon beyond it.
